

Study Results

Upon the completion of your study our IHN neurologist will read the EEG and provide a report to the ordering physician.

We specialize in patients with unique medical challenges including:

- pseudo-seizures
- autism, cerebral palsy
- neurological diseases
- genetic syndromes
- cardiac issues

All of our technicians are ABRET boarded and have at least five years of experience.

About In Home Neuro

We provide prompt and accurate electroencephalogram (EEG) testing on the go; whether it be in a doctor's office, a local hospital or the comfort of home.

Your only Indiana based in-home EEG company.

The #1 Alternative

In Home Neuro can save you thousands of dollars while offering an alternative to a routine hospital stay. Our high quality video EEG testing is performed right in the comfort of your own home. The quick and flexible scheduling process allows us to work around your busy life.

Schedule Today

We will contact you within 2 business days of receiving the order from your doctor. Our scheduling is flexible so you can usually expect to have an appointment within 2 weeks, but many times faster. We know that life can be hectic and we strive to make your EEG experience as stress free as possible.

Immediate scheduling available!

Our services are covered by all major insurance companies.
